

**Parent Notification and Consent Form**

Our Lady of Lourdes School  
Montessori Pre-School Program

I understand that my child is enrolled at a school that utilizes the traditional Montessori Method and materials. These materials include items made from wood, metal, glass, clay and ceramics. I accept that these materials are present in my child’s environment and that my child may interact with these materials throughout the course of the day. Furthermore, I understand that the classroom is staffed by Montessori certified teachers who are trained on the proper use of these materials.
